Only streamers with Official Host status can participate in this Bonus Program. In order to get a bonus the following targets must be met:

Monthly targets by hours: the max hours that can be counted to the target daily is 2 hours. The stream less than 20 minutes won't be counted to the hours count. The time in Public, Battle and Party streams are counted into a target.

 **Monthly targets by diamonds:** benchmarks that will provide you access to certain bonus levels (diamonds earned in all stream types and also diamonds from unlocked media files are counted into the benchmarks).

Earnings in USD: 1 coin = 1 diamond . \$1 = 379 diamonds. So, if you earned 65 000, you will cashout \$171,5 (apart from the bonuses of course).

Monthly Bonus from Plamfy in USD: will be added on top of your earnings if day, hour and diamond targets will be met (the amount of bonus will depend on the diamonds benchmark you reached).

! Please note !

- The bonus can be withheld partially or completely because of penalties or rules break. The rules and penalty conditions can be found below in this document.

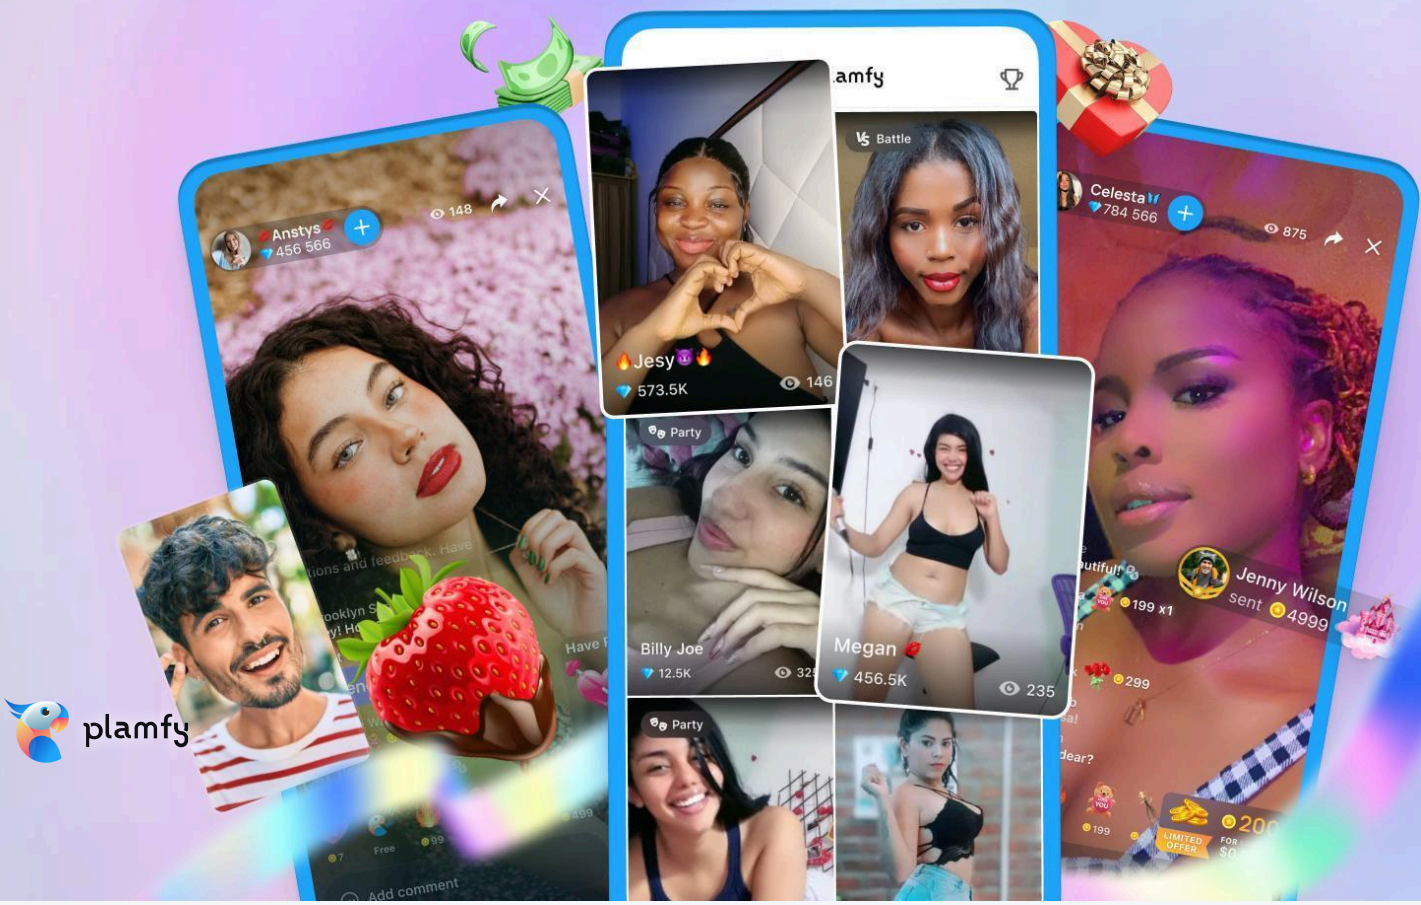

- Bonuses are credited on the 1st of the month following the worked month and paid out by the 10th of the same month.

Payments to Binance and Payoneer: Make sure your payment account details are correct and up to date to ensure you receive your payments without any issues. If an incorrect address is provided, any resulting loss will be at your expense.

Minimum withdrawal amount: The minimum amount for withdrawal is \$25.

Payment schedule: Payments are processed three times a week – on Monday, Wednesday, and Friday.

Processing time: After your withdrawal request is submitted, the money will be sent to your account within 10 working days.

Official Host must:

Make streams of certain standards:

Background

- Your background should be **clean and tidy** (no trash, dirt, or mess).
- Your background should **inspire gifters**, not scare them away.
- If you stream in front of a wall, it should be **well-painted, clean, and of a neutral color**.
- If there are more objects behind you, the room should be attractive and neatly renovated.

What if you can't find a nice background?

Create one! If your room isn't recently renovated, don't show it. If the wall isn't freshly painted, **hang a neutral-colored blanket or buy inexpensive wallpaper** (you don't need to cover the whole room, just the part that's visible).

Once it's set up, make sure your camera is focused to show only the arranged areas.

Appearance

- **Freshness:** You need to **look neat and refreshed**, as if you just stepped out of a hot shower. Ensure you don't look like you just woke up and started streaming without checking the mirror.

- **Clothes:** Users don't want to see old, shapeless clothes. Wear something **flirty, bright, and attention-grabbing**. Avoid anything too revealing, so they'll be enticed to join you for Premium or 1-on-1s.
- **Makeup:** Apply some **eye-catching makeup** and let yourself shine! You're the star—don't forget it!
- **Hair:** Your hair should look **fresh and well-groomed**. Feel free to be creative with your hairstyle during streams, or just let it down—it always looks great. However, avoid boring ponytails.

Behavior

- **Sitting Position:** Always **sit upright** during your stream; avoid lying down.
- **Empty Room:** Do not leave your stream **unattended** for long periods.
- **Provocative Behavior:** Avoid being overly provocative during streams and **pay attention to moderation** warnings!
- **Minors in the Stream:** Ensure **there are no children** present in your streams, even accidentally.
- **Illegal Content:** Do not feature **alcohol, drugs, guns, or violence** in your stream.
- **Distractions:** **Stay focused** while streaming—don't watch TV, do household chores, or engage in other distracting activities.
- **Interaction with Gifters:** **Never ignore** your gifters; always interact with them:

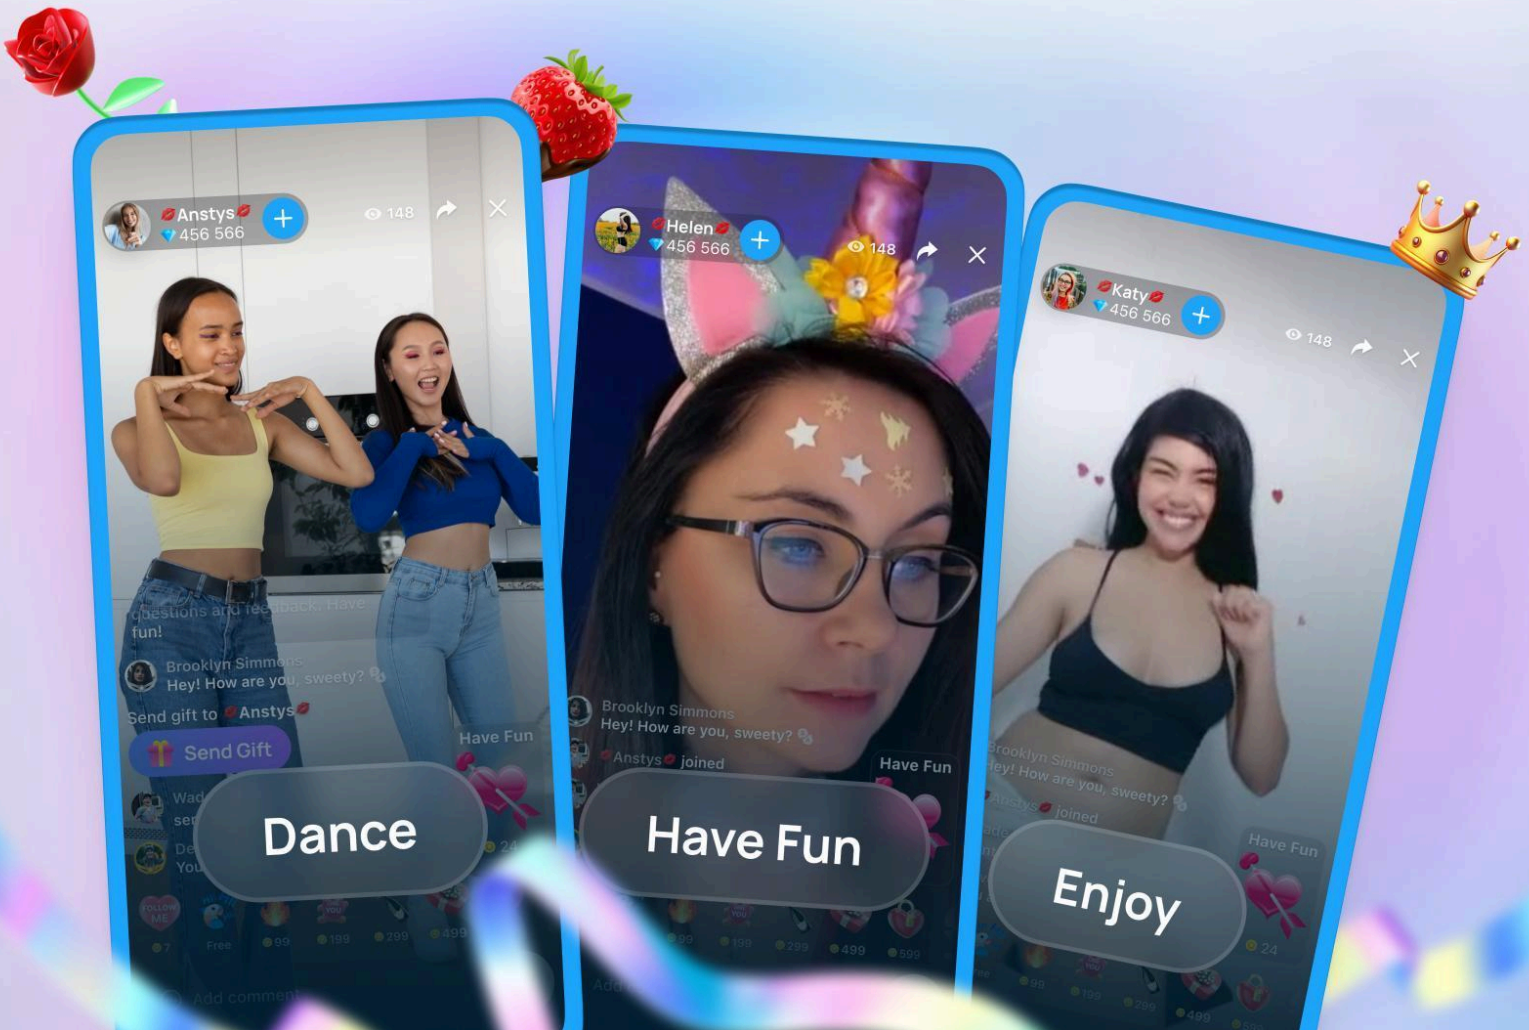

- **Welcome gifters** when they join the stream.
- Show appreciation and **thank them when they send gifts**.
- **Flirt and engage** in conversation.
- **Ask them questions**.
- **Share things about yourself**—this builds a connection and encourages more gifting.

Tech Setup

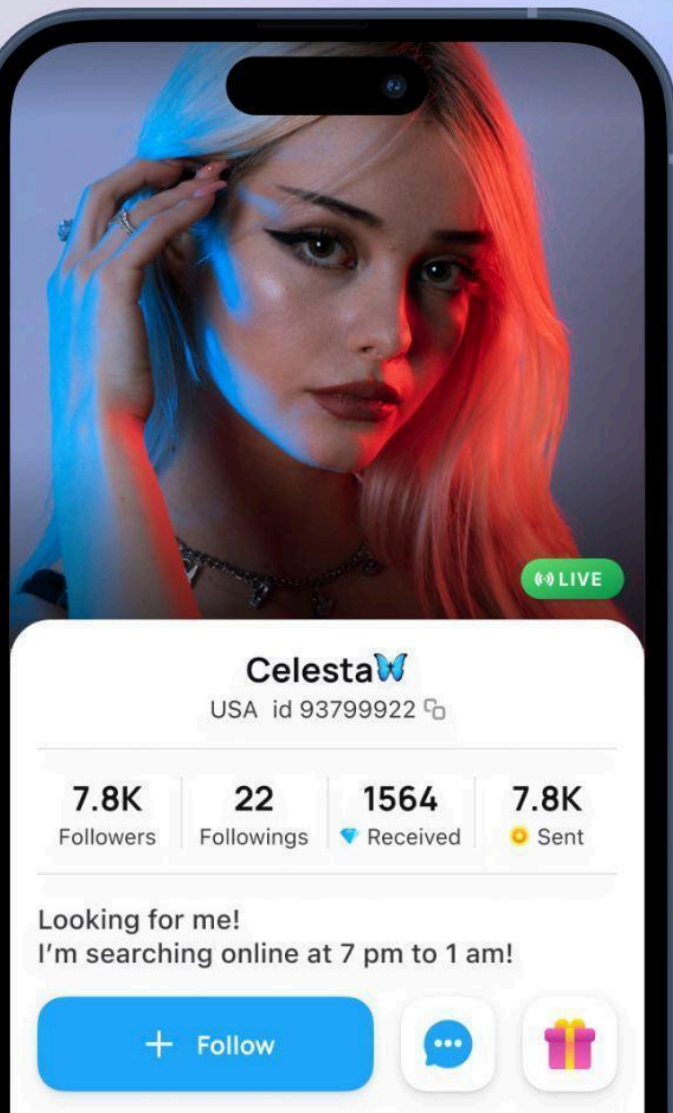

- **Camera Quality:** Ensure your camera produces **sharp, clear footage** without blurriness.
- **Camera Focus:** Position **your face and upper body in the center of the screen**.
- **Internet Connection:** Your internet should provide a **smooth, glitch-free video** experience.
- **Lighting:**
 - Make sure your streams are well-lit so **you're clearly visible**.
 - Avoid streaming with your back to a window, which can make you hard to see.
 - Place a **light source in front of you** so your face is well-lit.
